

Youth Entrepreneur Leadership Program - the Living Vision (YELP-LV) Date _____

Parent Academic Revolution (PAR) application

Attitude not Aptitude creates great Altitude

YELP-LV is the fisherman of Character and will teach parents to fish in the best location.

Parenting is not a spectator sport. You have to get on the football field of life, put on your helmet, shoulder pads, football shoes and be prepared to; block, tackle, run and catch the ball of life and carry it to success. **It takes a Village Nation to raise a child.**

If you want to win it, you gotta be in it!

YELP-LV's operational mission: (1) To create empathetic, competitive, work ready, global citizens. (2) To bring love, trust and order to the classroom. (3) Create a children environment to place the police (PO-PO) out of the child rearing business. (4) To provide **\$40,000 plus** and an **Academic Attitude (AA) to our children.** And not the proverbial January 16, 1865 promise : **40 acres and a mule** for income equality.

Student Information

Office work
